The Global African Investment Summit in London is a leading international platform, bringing high-level African government and investors to London to discuss investment opportunities into Africa.

The event is run in partnership with 6 African Heads of State, 30 Ministers from across Africa, 650 Private Sector Investors, Development Banks, Pension Funds, Sovereign Wealth Funds, Multilateral Investment bodies and 135 Pan African Project owners, and looking to drive long-term international foreign direct investment into African Power, Agriculture, Financial Services, Capital Markets, Oil and Gas and Critical Infrastructure projects.

The programme agenda will address '*Transforming African Economies for Global Competitiveness*', covering the Natural Resources, Infrastructure and Power Sectors. New for 2015, sees the addition of dedicated sessions on Infrastructure, Real Estate and FMCG, a case study stream, and roundtable discussions addressing over 150 bankable projects.
